

# Zing and Sparky

James Reinbacher

He said take it easy Sparky, you worked all day and you're feeling worn and tired  
you got sleigh bells jingling all over the place and the light hung up and wired

he said hey zing and sparky you gotta keep on going, this aint no time to quit  
they said go zing and sparky, you better keep on going til the whole darn place is lit

zing and sparky  
zing and sparky

they said, come on zing and sparky it's hot in here and oh so cold outside  
If you lend me a dollar, we can go to amaze and we'll see the Christmas lights

They said hey zing and sparky better keep on dancing, gotta make this whole place blow  
They said go zing and sparky, better keep on dancing, gotta give these folks a show

zing and sparky  
zing and sparky

zing and sparky
